

Volunteer Position Available For June 2014 Issue

IJHEPS calls volunteers interested to contribute toward the scientific development in the field of Humanities, Engineering & Pharmaceutical Sciences. Now a day's thousands of researches are being carried out in the area of Humanities, Engineering & Pharmaceutical sciences globally. What we need is to provide a platform for those who are working in this direction so that they can share their research works and can exchange their views. IJHEPS is a step in doing this....

The IJHEPS is an effort to invite the ideas, researches of the scholars on different issues that may bring about changes in the society accelerating the process of development that is sustainable in all the ways. Our effort is to open a discourse on social, political, economic, and scientific & technological issues. It is an effort to invite the scholars of Academic bent from various disciplines to come forth with their innovative work, valuable research and book reviews, to the benefit of the academics and the society.
